

Summer BLAST!

2009

Looking for something to do this summer that's fun and educational? Look no further than T.P.C.A.'s Summer BLAST!

T.P.C.A. is offering 8 full weeks of day camps that engage children with fun, hands-on activities. Weekly morning themes will alternate between the wonders of God's creation and Mad Science investigations. Each afternoon, campers will participate in clubs (to be finalized later) ranging from cooking to art and Bible study to board games.

Campers have the option of attending half or full days and from one to eight weeks.

Camp dates are June 1st to July 31st.

(There will be no camp the week of June 29th).
